PROFILE

Software Engineer with 4+ years of experience building responsive, high-performance web applications in React and TypeScript. Improved user engagement by 35% on a SaaS platform serving 1M+ monthly users, cut page load times considerably, and raised automated test coverage by more than 50%.

Experienced across design systems, REST/GraphQL APIs, and CI/CD, with a habit of mentoring developers and using AI tooling to ship faster without sacrificing quality. Based in Munich with full German work authorization; available immediately.

EXPERIENCE

sqanit GmbH | *Software Engineer*

Munich · 01/2023 – 07/2026

- Delivered features that increased user engagement by 35% on a B2B SaaS platform serving 1M+ monthly users.
- Built and extended a reusable component library and design system, cutting UI development time by 30% across teams.
- Improved page load times considerably and Core Web Vitals scores through code splitting, lazy loading, and render optimization.
- Scaled automated test coverage by more than 50% by introducing component, integration, and E2E tests.
- Co-designed the company-wide test tracking process covering both automated and manual QA.
- Leveraged AI-assisted development tools to accelerate feature delivery, test generation, and code reviews while maintaining code quality standards.
- Mentored junior developers on modern frontend practices and code quality; active voice in technical decision meetings shaping project direction.

enra GmbH | *Frontend Web Developer*

Paderborn · 01/2022 – 07/2022

- Shipped new features and modernized legacy Vue.js code through refactoring, enhancements, and bug fixes.
- Improved application reliability by expanding the automated test suite as part of every feature delivery.

Fraunhofer IEM Institute | *Master Thesis Student*

Paderborn · 09/2020 – 04/2021

- Conducted a systematic literature review on uncertainty and imprecision in software engineering; derived empirical conclusions via statistical analysis.

Weidmüller GmbH | *Working Student – Data & CRM*

Paderborn · 02/2019 – 07/2019

- Migrated data from a legacy CRM to a modern platform and validated data with clients, improving accuracy and reliability.

TECHNICAL SKILLS

- Frontend:** React, Next.js, TypeScript, JavaScript (ES6+), Vue.js, HTML5, CSS3, Tailwind CSS, Responsive Design
- Testing:** Playwright, Vitest, Jest, Cypress
- Tools & Platforms:** Git/GitLab, CI/CD, Docker, REST, GraphQL, PostgreSQL, AWS, Linux
- Other:** Python, MySQL, Kubernetes, Agile (Scrum/Kanban), Core Web Vitals & performance optimization, AI-assisted development (GitHub Copilot, Claude, ChatGPT)

EDUCATION & CERTIFICATIONS

M.Sc. Computer Science — Universität Paderborn, Germany

B.Tech. Computer Science — Ladoke Akintola University of Technology, Nigeria

- AWS Certified Cloud Practitioner
- AWS Certified Solutions Architect – Associate (2026)
